# 1. Arrival

*Our friends from Italy came in early night hours. We were all very happy to see them. In Calabria we made a very strong bond. Seeing them again was delightful.*

## 2. Local people

*We arrived in Lukovica and they welcomed us with a band of musicians and folk dancers. After dinner we went to the houses of the Slovenians and we met the families and finally went to sleep. Families were very welcoming and people seem to be helpful and kind.*

*(Barbara Sofia Simone, Italy)*

*Today, after having hosted with my friend's Hana family for four wonderful days, I can say that 15 km from the capital Ljubljana there is Lukovica, a beautiful village surrounded by greenery, where Hana lives with her family. I was very enthusiastic to be there.*

*(Maria Teresa Olivadoti, Italy)*

### 3. Guests

*When they came to Lukovica, I was happy to see them. After the welcoming event we went to the dinner at restaurant. After dinner we sang happy birthday to a very fine lady from Italy. After the pleasant night we took them home and we all fall asleep immediately.*

*(Uroš Pogačar, Slovenia)*

*The main principle of the European Union is not to develop an Euro-skeptic feeling between states, equality and solidarity of people but cooperation between states, people and communities.*

*(Maria Teresa Olivadoti, Italy)*

## 8. Workshop

*What will I bring home when I return from this trip?  
My suitcase certainly, but inside there will not be  
the clothes crumpled by these four days of intense  
activity, it will be full of emotions, dreams,  
expectations, it will be full of my cultural growth  
within this society called the European Union.*

*(Maria Teresa Olivadoti, Italy)*
